End Catalog Fall 2018

No new students admitted after: **Fall 2017**

Allow students in program to complete through: **Fall 2019**

Number of students still enrolled: **14**

Courses Deleted as a result of this action:

How will students in the deleted program be accommodated? **The International Studies program (INST) is creating a new concentration in European and Transatlantic Studies. The students can be accommodated through the INST program.**

How will funds from the deleted program be reallocated? **Funds from the EUST program will be reallocated to the International Studies Program.**

Justification for this request **The EUST program lacks sufficient faculty participation to maintain a full curriculum, and this has led to a drop-off in majors. The program will be replaced with a new concentration in INST that utilizes existing INST courses.**

### Program Requirements and Description

#### Requirements

In addition to the requirements of a primary departmental major, students pursuing a combined major in European Studies must complete the following:

**Language Requirement:** Students must complete the equivalent of a third year of a modern European language, e.g., six hours of advanced 3000- or 4000-level work in French, German, or Spanish. Less commonly taught languages such as Portuguese, Russian, or Italian may be used, subject to the availability of courses. Three to six hours in one of these languages in an approved study abroad program in Europe may substitute for all or part of this requirement. For native speakers of a European language other than English, this requirement is waived.

**Introduction to Europe:** Students must complete [EUST 2013](#) Introduction to Europe (Fa), preferably before taking the colloquium.

**European Studies Colloquium:** Students must complete three hours of [EUST 4003](#) European Studies Colloquium (Sp).

**Electives:** Students must complete at least 18 hours of credit, in addition to the language requirement and the European studies colloquium, from among the following or in individualized studies under the direction of faculty participating in the program. Students choosing to take individualized reading or directed research courses as part of the major or minor must obtain the approval of the director of the area studies program and their major adviser. In addition, the following conditions apply:

A maximum of nine hours may be submitted from any one department, and

A maximum of six hours may be submitted from courses taken in the student's major department.

The following courses may be taken in fulfillment of elective requirements:
