Estimated Student Demand for Program **200** ~~150~~

Scheduled Program Review Date 2017-2018

Program Goals and Objectives

**Program Goals and Objectives**

The bachelor's degree in Public Health is designed for students interested in helping people and communities adopt healthy behaviors and healthy lifestyles.

Learning Outcomes

**Learning Outcomes**

**The Public Health major will prepare students for careers in public health including worksite health promotion specialists, community health education, and jobs in public health agencies and community based organizations. In addition, the program is applicable for students interested in pursuing post graduate study in allied health fields, such as physical or occupational therapy, or public health.**

Description and justification of the request

Description of specific change	Justification for this change
Editing public health core classes to meet accreditation requirements of the Council on Education for Public Health. A change in CIM which will parallel this program change will be to make PBHL 2613 PBHL	Editing public health core classes to meet accreditation requirements of the Council on Education for Public Health.
