	Prerequisite(s)	Math 1203 or MATH 1204 each with a grade of C or better, or a score of at least 80% on the University of Arkansas Mastery of Algebra Exam, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.	Math 1203 or MATH 1204 each with a grade of C or better, or MATH 1313 with a grade of C or better, or a score of at least 80% on the University of Arkansas Mastery of Algebra Exam, or a score of at least 26 on the math component of the ACT exam, or a score of at least 600 on the math component of the old SAT or 620 on the math component of the new SAT.
	Justification	Pre-requisites need to Include new SAT exam scores.	This change allows MATH 1313 as a prerequisite, as an alternative to College Algebra. It enhances the Quantitative Reasoning math pathway by allowing students who need Principles of Statistics to bypass College Algebra. This should facilitate greater success among our non-STEM students, and give them a better preparation for this and future quantitative-based course work.
