Program Requirements and Description

Requirements

Admission Prerequisites for Master of Education Program: Formal admission to the Master's of Education (M.Ed.) degree in Higher Education requires prior admission to the University of Arkansas Graduate School, which requires a separate application process. Admission to the University of Arkansas Graduate School requires a minimum 3.0 cumulative GPA or a 3.0 GPA on the last 60 hours of course work **attempted**. ~~attempted and GRE scores from the past five years.~~ **Applicants who do not meet the GPA guideline may qualify for admission by special consideration after consulting with the program coordinator prior to**

applying for the program.

In addition, admission to the program requires (1) a completed Higher Education Master's program application form; (2) a statement of interest; (3) a current resume; (4) three supporting letters of recommendation; and (5) a writing sample demonstrating the applicant's best writing.

Requirements for the Master of Education Degree: (Minimum 33 hours.) The master's degree program in higher education provides academic preparation for persons who plan to seek entry level positions at the director or assistant director level in both two-year and four-year institutions for which a master's degree is appropriate preparation, including community colleges and technical colleges, liberal arts colleges, and four-year colleges and universities. Depending upon prior experience, graduates may expect to find employment in a wide variety of positions in residence life, financial aid, career planning and placement, student activities, student union management, alumni affairs, development, public information, continuing education, financial management, human resources, and institutional research, or as adviser to fraternities and sororities, or minority students.

In combination with course work outside of Higher Education, students may prepare for positions in development and in other beginning level positions in post-secondary institutions and educational agencies.

M.Ed. Program Requirements

Completion of a minimum total of 33 graduate semester-hour **credits. credits (or 27 plus thesis), including at least 24 hours in higher education.**

Program Goals and

Objectives

Program Goals and Objectives

Upon completion of the HIED-MED program, students will be able to:

1. Provide effective leadership and administrative direction to institutions of higher education.
2. Make decisions and solve problems through, logical, rational, and delineated processes that recognize a wide variety of environmental factors, constituents, and influences.
3. Respect ideas, perspectives, motivations, and behaviors of fellow professionals and understand their unique roles and responsibilities within institutions of higher education.

Learning Outcomes

Learning Outcomes

Students will be able to:

1. Possess the basic knowledge of student and administrative theory and practice related to higher education and be able to apply this knowledge to solving problems and making decisions as entry-level professionals in institutions of higher education.
2. Understand the importance of human interaction skills and apply best practices to their professional capacity as college and university administrators.
3. Evaluate the different purposes and functions of higher education and how they are applied to various settings within institutions.
4. Demonstrate sufficient understanding of leadership, management, change, and culture to ensure competence and confidence in leading and managing institutions, which is necessary of entry-level professionals within institutions of postsecondary education.
5. Conduct themselves in a professional, thoughtful, and ethical manner that represent best practices in college and university management and leadership.

Description and justification of the request

Description of specific change	Justification for this change
1) GRE no longer required 2) Thesis option no longer available	All of these changes were also considered in light of program benchmarking . 1) Abolishing the GRE is in keeping with leading programs in our field nationally, as the exam privileges students with majoritized social identities, costs a large amount of money creating a barrier for low SES applicants, and has been shown to not actually

Description of specific change	Justification for this change
3) Switching 6 credits of general graduate level electives to HIED electives, for a total of 9 HIED electives	<p>reflect long term graduate school success (in general, or in the HIED program). Other programs have also seen a large increase in applicants after abolishing the GRE, and the GRE is the #1 barrier to applicants completing their files in our own HIED program. We hope to increase applicants, especially from minoritized backgrounds, who show potential for success based on a holistic file review process that does not rely on a standardized test score.</p> <p>2) Students consistently did not take the thesis option, and when explored on rare occasion, the thesis option was not in the best interest of student faculty time and energy given intended learning outcomes.</p> <p>3) Many students were already taking HIED electives in the "general electives" category, and formalizing this avenue helps for course planning purposes. Students who took electives outside of HIED were usually not selecting courses based on meaningful contributions to their program of study.</p>
