Program Requirements and Description

Pre-Social Work (PSCWK)

Students classified as pre-social work are completing the course requirements necessary to qualify for admission into the professional social work core. As members of the School of Social Work, pre-social work students are encouraged to participate in events, opportunities and activities sponsored the School of Social Work in accordance with the student's progress in the program. Once a student is accepted into professional social work core, the student's designation will change to SCWKBS.

Description and justification of the request

Description of specific change	Justification for this change
added PSCWK designation with explanation. Changed GPA for admission to 2.5 from 2.0.	This change will assist the School of Social Work to track our students accurately through the program and improve our ability to make sure that students are admitted to the professional core before taking those courses. This change will assist faculty and professional advisors to give accurate and complete information to students. Additionally, this change will streamline the prerequisite/co-requisite process when students enroll in classes. Raising the GPA will help to ensure that students are fully prepared to be successful in the social work program.

Alice Griffin (agriffin) (02/15/19 1:04 pm): Changed Program Title to Social Work (Pre-Social Work) to be consistent with the naming convention established by the Registrar's office for preparation programs. This change will help the department's goal of the catalog copy clarifying the pre-admission requirements, the admission process, and the program requirements for the SCWKBS. Department is encouraged to review the information and contact Alice Griffin if there are questions.

Alice Griffin (agriffin) (02/15/19 1:11 pm): Changed degree to preparation, since this portion of the catalog describes the pre-requisites to the program. Department is encouraged to review this change and contact Alice or Lisa with any questions.
