

Approved Program Inventory for any institution that does not offer the state-approved ASB curriculum.) The ASB degree only can be offered by Arkansas two-year colleges, and the junior- and senior-level courses required for the specified bachelor's degrees in business must be submitted to ADHE by the each participating Arkansas university. All institutions participating in the ASB-Bachelor's Degree Completion Program must have a signed agreement on file at ADHE and must designate an institutional contact for the ASB program.

Bachelor's Degree

The bachelor's degree will be awarded to students upon successful completion of a program that requires a minimum of 120 undergraduate semester credit hours, including the 35-semester hour state minimum general education core (Appendix C), a minimum of 40 semester hours of upper-level courses, and a minimum of 30 semester hours (including 20 semester hours of upper-level courses) in the major field of study. The curriculum must require a demonstration of competency in communications (oral and written) and mathematics, and a mastery of skills and knowledge against specified performance standards in a specific area or discipline. Remedial/developmental education courses must be used for placement purposes only and cannot be used to fulfill degree requirements. The range of the bachelor's degree is 120-130 semester hours. Selected programs (e.g., education, music, engineering) may exceed 130 semester hours, but cannot exceed 150 semester hours unless particular course content is required by accrediting or approval agencies.

Bachelor of Applied Science

The Bachelor of Applied Science is a degree completion program that allows students holding an Associate of Applied Science degree to apply the entire associate degree toward the requirements of a bachelor's degree. The bachelor's degree curriculum must include a minimum of 35 semester hours of general education courses (Appendix C) and a minimum of 40 semester hours of upper-level courses in selected fields of study. The curriculum must require demonstrated mastery of skills and knowledge against specified performance standards in at least one specific area or discipline. Remedial/developmental education courses must be used for placement purposes only and cannot be used to fulfill degree requirements. The range of hours is 120-130 semester credit hours.

Bachelor of Professional Studies

The Bachelor of Professional Studies is designed as a flexible program option for students with earned college credit (including technical and occupational courses). The bachelor's degree curriculum must include a minimum of 35 semester hours of general education courses (Appendix C) and 40 semester hours of upper-level courses in selected fields of study. The program of study can be developed cooperatively by the student and the institution to meet a variety of professional development and career enhancement needs. The curriculum must require demonstrated mastery of skills and knowledge against specified performance standards in at least one specific area or discipline. Remedial/developmental education courses must be used for placement purposes only and cannot be used to fulfill degree requirements. The range of hours is 120–130 semester credit hours.
