Reason for offering Web-based Program

The target population for this degree is working professional nurses with competing demands. This population typifies the non-traditional student and the focus of the educational progression of working professionals. To increase access to education, we want to offer it on-line to increase enrollment of working professionals.

Requirements

### Master of Science in Nursing

---

The Master of Science in Nursing (M.S.N.) Program offered by the Eleanor Mann School of Nursing expands on the philosophy of the undergraduate nursing program and contributes to the mission of the College of Education and Health Professions and the University of Arkansas. Graduates of the M.S.N. are prepared to contribute to the nursing profession through the application of knowledge and skills in leadership, education, and clinical practice. Completion of the M.S.N. program provides the foundation for academic progression to a research or practice-focused doctoral program.

Total Hours 39

**1As an alternative to completing a thesis, students may elect the scholarly project option and are required to complete a three-credit independent study. Students who intend to pursue doctoral preparation are strongly urged to select the thesis option. All candidates for the Master of Science in Nursing (MSN) must successfully complete a comprehensive written exam.**

### **Progression Requirements for the Master of Science in Nursing Degree**

Students are responsible for meeting the standards of academic and professional performance specified by the graduate programs in nursing. In order to progress in the program, students must adhere to the following:

Grade requirements as outlined below

Policies of the University of Arkansas Graduate School are on the [Objectives and Regulations page](#).

Clinical Practice Guidelines as outlined in the Eleanor Mann School of Nursing Graduate Student Handbook in the [Graduate Handbook](#).

Clinical Compliance Guidelines as outlined in the Eleanor Mann School of Nursing Graduate Student Handbook also in the [Graduate Handbook](#).

Maintenance of an unencumbered registered nurse license

Compliance with the nurse practice act(s) which regulate(s) the student's license(s)

### **Grade Requirements**

- 1. A grade of "C" or lower may be earned in a nursing course only once.
- 2. A grade of "B" or better must be received upon repeat of the nursing course in order to progress in the program; courses may only be repeated once to achieve a grade of "B" or higher.
- 3. If a second "C" or lower is earned in a nursing course, the student will not be allowed to progress in the program, and will not be allowed to return to the program.
- 4. A student may only repeat a nursing course in which a "C" or lower has been received one time throughout the program. A student may only withdraw from a course one time.
- 5. Grades of "D" or "F" are not accepted for credit.

Why is the Program  
needed if offered at  
other institutions?

Other nursing programs in the state offer MSN preparation in Administration. UAMS has a program in this concentration, yet it has not significantly impacted the numbers of master's prepared nurse leaders in Northwest Arkansas. Arkansas Tech has a MSN in Nursing Administration and Emergency Management and Arkansas State University offers a MSN in Adult Health: Nursing Administrator. These programs are different in scope and focus compared to the proposed Nurse Executive Leadership concentration

Program Goals and Objectives

#### Program Goals and Objectives

The Master of Science in Nursing (MSN) Program offered by the Eleanor Mann School of Nursing expands on the philosophy of the undergraduate nursing program and contributes to the mission of the College of Education and Health Professions and the University of Arkansas. This program is built upon the Essentials of Master's Education in Nursing to provide students with a fuller understanding of the discipline so they may engage in higher level nursing practice and nursing leadership in a variety of settings. Graduates of the MSN are prepared to contribute to the nursing profession through the application of knowledge and skills in evidence-based leadership, education, and clinical practice. Completion of the MSN program provides the foundation for academic progression to a research or practice-focused doctoral program.

Learning Outcomes

#### Learning Outcomes

Promote evidence-based practice through problem identification and critique of research findings.

Collaborate in policy development, resource management, and cost-effective care delivery.

Apply legal/ethical principles to promote a values-based professional practice.

**Learning Outcomes**

Affect healthcare outcomes through advanced roles of clinician, teacher, leader, researcher, and consultant.

Apply theories from nursing and other disciplines in decision making.

Advocate for access to quality health care for diverse populations.

Collaborate with other disciplines to design, deliver, and evaluate health care services for diverse populations.

Provide leadership in a variety of clinical and academic settings.

Description and justification of the request

<b>Description of specific change</b>	<b>Justification for this change</b>
<p>We combined NURS Educator Concentration CIM block with the NURS MS CIM block. That's why the course table is all green. We just copied and pasted the information from the concentration CIM block to this page.</p> <p>The only two changes that are being proposed include: (1) Adding NURS 5112 and (2) Clarifying that students are required to complete 3 hours Thesis or 3 hours independent study - for a total of 39 hours.</p>	<p>(1) NURS 5112 is the Clinical Practicum for Advanced Health Assessment and is taken with NURS 5101. It was previously left out by accident. This change corrects it.</p> <p>(2) Keeping thesis or independent study hours at 3 credits ensures that the total number of hours required for the program for all students will be at 39 credit hours.</p>
