Description and Justification for this request

Description of request	Justification for request
<p>Pre-major (PBHL) undergraduate course requirements added.</p> <p>These courses were already part of the required curriculum for BS in Public Health (PBHL) degree. We are creating a pre-PBHL preparation degree code and had to move the courses from the main degree CIM page to this pre-PBHL CIM page. These are not new requirements for the degree program.</p>	<p>The Council on Education for Public Health accredited the B.S. program July of 2019. However, they are requiring an interim report by April 22 that details how we have corrected any noted deficiencies during their program review. One of the deficiencies noted was a failure to comply with Criterion 1.2 which specifies that the program has administrative autonomy regarding admission to the program. CEPH indicated that failure to come into compliance with all accreditation criteria must trigger specific actions on CEPH's part, which includes revocation of accreditation. Therefore, the program has examined similar programs at comparable institutions and has drafted the included admissions protocol (Pre-major).</p>

Reviewer Comments

Alice Griffin (agriffin) (02/12/20 2:39 pm): Rollback: Please change reason for new program.

Alice Griffin (agriffin) (02/13/20 8:35 am): Rollback: Please change the response to "Does this proposal impact any courses from another College/School?" The curriculum includes courses from Bumpers and Fulbright Colleges.

Ketevan Mamiseishvili (kmamisei) (02/13/20 11:38 am): These courses were already part of the required curriculum for BS in Public Health (PBHL) degree. We are creating a pre-PBHL preparation degree code and had to move the courses from the main degree CIM page to this pre-PBHL CIM page. These are not new requirements for the degree program.

Alice Griffin (agriffin) (02/13/20 12:48 pm): Courses listed in other colleges were in the PBHLBS curriculum. No changes are being made regarding those courses. Thus, the colleges were not included in the approval workflow, per Kate Mamiseishvili.
