CIM Report Jul 29, 2020 1:44pm

Program Changes Pending Approval from University Course and Program Committee

Code	Field	Old Value	New Value
GBUSBS	Effective Catalog Year	Fall 2019	Fall 2021
	Description and justification of the request	Changed header of program | to match other similar headers	\\n- Add ISYS 1123, Business Application Knowledge to first year, fall semester, 8 semester plan\\n- Delete ISYS 1120, Computer Competency Requirement from first year, fall semester, 8 semester plan\\n- Delete 3 hours of general education elective from third year, spring semester, 8 semester plan \\n- Add US History or Political Science - University Core to third year, spring semester, 8 semester plan\\n | Pre-assessment exam scores for incoming freshmen over the past several years have been consistently indicating that only 4% of incoming freshmen have sufficient IT competency (coming out of their High School program) for Walton College courses. Therefore, most incoming Walton freshmen are required to take ISYS 1123, Business Application Knowledge in lieu of ISYS 1120, Computer Competency Requirement which currently does not count toward their degree. This change deletes ISYS 1120 as a pre-business requirement and incorporates ISYS 1123 as a pre-business and degree requirement. Additionally, reducing the total number of General Education Electives from 12 hours to 9 hours.
	Reviewer Comments		agriffin - Tue, 21 Jan 2020 16:14:36 GMT - Switched out course and changed it to a comment for the US/PLSC University Core credit in the spring of third year. This action will remove the red error box. Also changed fall to spring in description. agriffin - Mon, 04 May 2020 16:57:48 GMT - Changed effective date from fall 2020 to fall 2021. agriffin - Tue, 02 Jun 2020 18:27:32 GMT - Changed the University Core language to State Minimum Core language for consistency across the catalog of studies.
