Description and Justification for this request

Description of request	Justification for request
<p>STARBFA program is adding six concentrations. Added Ceramics requirements.</p>	<p>A focused study is a set of courses that a student may elect to take as part of the major, but is not required. Effectively we have already been acting as if we have concentrations by requiring students to choose one of six media areas as a focused study to graduate with a STARBFA degree. This change aligns the STARBFA degree with program definitions set forth by the university.</p>
<p>Revised formatting of the eight semester degree plan. Inserted the General Education language. Also added footnotes and hyper-linked courses for access to course details.</p>	<p>To provide consistency with the General Education curriculum language. Footnotes provides list of courses that specifically meets each General Education Outcome on behalf of the college.</p>

Alice Griffin (agriffin) (09/01/20 2:44 pm): The addition of the General Education curriculum may be administratively approved. However, the addition of a concentration requires campus approval.
