Fall 2020

Allow students in
program to complete
through:

Spring 2023

Number of students
still enrolled:

1

Courses Deleted as a
result of this action:

How will students in
the deleted program
be accommodated?

The students currently in the program will be able to complete the courses required for this certificate. Courses will continue to be offered because they are also required courses for SPED MED program.

How will funds from
the deleted program
be reallocated?

There are no funds directly allocated to this certificate program. Additionally, special education program faculty believe that offering a micro-certificate in Autism is more appropriate than this 15-hour graduate certificate.

Deactivation
attachments

AUTSGC - Deletion - Ltr of Notification.pdf

Justification for this
request

Graduate Certificate in Autism Spectrum Disorders does not meet ADHE viability standards due to limited demand and low enrollment.

Program Requirements and Description

Requirements

Graduate Certificate Program in Autism Spectrum Disorders (AUTS):

The graduate certificate in Autism Spectrum Disorders develops professionals in the area of autism spectrum disorders. The program recognizes students who take a concentrated core of courses focused on autism spectrum disorders. Students who earn the certificate develop knowledge and skills in the areas of characteristics, assessment, and educational interventions for individuals with autism spectrum disorders. Admission requirements for the Graduate Certificate program include:

A minimum of a 3.0 cumulative grade point average (GPA) during the last 60 hours of undergraduate work.

Program of Study:

SPED 5143	Teaching Communication Skills to Persons with Autism	3
SPED 6803	Teaching Students with Autism Spectrum Disorders	3
SPED 6813	Characteristics and Assessment of Persons with ASD	3
SPED 6823	Instructional Methods for Students with Autism Spectrum Disorders	3
SPED 6833	Practicum in Autism Spectrum Disorders	3
Total Hours		15

Reviewer Comments

Alice Griffin (agriffin) (11/17/20 1:05 pm): Revised approval dates in LON. It is too late to complete campus approval in time for the March BOT meeting. Adjusted dates for the May BOT meeting. It is still possible for the inactivation to be approved by fall 2021. However, the change may not appear in the catalog.

Lisa Kulczak (lkulcza) (11/30/20 12:44 pm): Adjusted last admit term requested because the only student currently active in the certificate program was admitted as of fall 2020.
