Requirements

Admission

Students who wish to apply for admission to the **K-12 Teaching Concentration** ~~internship program in art education~~ must complete the following Stages.

Stage I: Complete an evaluation for internship. Students must also meet the following criteria to be cleared for the internship:

Obtain a "C" or better in the following pre-education core courses: [ARED 1003](#), [CIED 3023](#), and [CIED 3033](#).

Obtain a "C" or better in [ARED 3103](#), [ARED 2003](#), [ARED 3003](#), and [ARED 4003](#).

Obtain clearance through the Office of Teacher Education **upon completion of the pre-education core courses.** (Clearance **includes** ~~includes passing scores on accepted basic skills assessments and cleared background checks.~~) **For admission requirements and application go to the [Teacher Education website](#). Please contact the Director of Field Placement and Licensure, Graduate Education Building, Room 339, College of Education and Health Professions for more information.**

Prior to enrollment in [ARED 476V Student Teaching in Art](#) and [ARED 4773 Professional Development in Art Education, Development](#), complete other degree requirements with a cumulative GPA of 2.50 or higher and a 3.0 in all School of Art Art coursework.

Complete Praxis II requirements. See your adviser for **details**.

Students should always consult the Coordinator of Teacher Education for any licensure requirement changes.

Students will not be licensed to teach in Arkansas until they have met all requirements for licensure as set forth by the Arkansas Department of Education.

Usually licensure in another state is facilitated by qualifying for a license in Arkansas. An application in another state must be made on the application form of that state, which can be obtained by request from the State Teacher Licensure office in the capital city. An official transcript should accompany the application. In many instances the applications are referred to the Coordinator of Teacher Education to verify program completion in teacher education.

Objectives

Program Goals and Objectives

Program Goals and Objectives

The reconfigured art education program will offer a Bachelor of Fine Arts degree in Art Education with two concentration options: K-12 Teaching, focused on Arkansas state teacher certification, and Community Practice, for art education practice in community-based institutions. Both concentrations will prepare students to be critical thinkers, interdisciplinary and cross-disciplinary collaborators, artistic practitioners, knowledgeable of a historically diverse cultural representation of art/visual culture and philosophical and critical approaches to analyzing and understanding art/visual culture, and be able to apply current art education theory to practice, including contemporary concepts and applications for developing curriculum and teaching art in an inclusive and diverse world. The program content is in compliance with Arkansas State Frameworks, the National Art Education Association, and the National Association of Schools of Art and Design.

Learning Outcomes**Learning Outcomes**

Learning Outcomes

Many career opportunities are available for those with a BFA in art education. They may involve teaching art or a variety of educational possibilities. The K-12 Teaching concentration graduates will often choose employment in elementary, middle, junior and high schools in the state of Arkansas or other states with comparable certification requirements.

Other teaching options available for the Community Practice concentration will be able to choose from a variety of art teaching and service occupations in social and cultural settings outside of the traditional K-12 education system. There are opportunities in art and art-related museums, community arts centers, hospitals, prisons, recreation centers, government agencies, mental health centers, and other government and privately funded programs for youth, adults and older adults. Art Education graduates may also enter careers besides teaching. There are professional positions available with art journals, government agencies, art material suppliers, art galleries, and art centers. Additional opportunities exist in art foundations, museum services, firms that develop art teaching materials, cultural services, and in art therapy.

General learning outcomes for students completing the B.F.A. degree in Art Education are to be able to:

- Apply general historical and contemporary concepts and theories of art education as well as foundational theories of child development and educational philosophy to practice in schools or other places in the community.
- Identify and delineate art procedures and effective instructional strategies based on observations.
- Design and present hands-on activities that can be used in both public schools and community settings with inclusive and diverse groups of students.
- Develop detailed art curriculum that compliments the current Arkansas public school curriculum frameworks and integrates art with other subject areas.
- Write age-appropriate learning objectives and plan assessment.
- Teach lesson(s) developed for public schools and/or community settings.
- Display an understanding of basic art vocabulary and be able to apply theoretical knowledge to art education.
- Integrate visual culture theories, art history, aesthetics, and criticism into art lessons.
- Use a variety of art materials.
- Access online and library resources for curriculum development.
