1 Students have demonstrated successful completion of the learning indicators identified for learning outcome 2.1, by meeting the prerequisites for <u>MATH 2554</u> .		
2 Students must complete the <u>State Minimum Core requirements</u> as outlined in the Catalog of Studies. The courses that meet the state minimum core also fulfill many of the university's <u>General Education requirements</u> , although there are additional considerations to satisfy the general education learning outcomes. Students are encouraged to consult with their academic adviser when making course selections.		
3 <b>Students are required to complete 40 hours of upper-division courses (3000-4000 level). It is recommended that students consult with their adviser when making course selections.</b>		
4 Data Science Statistics and Computational Analytics Concentration students are advised to select <u>STAT 3013/STAT 3003</u> to meet the prerequisites required in the concentration.		
<del>5 <b>Students are required to complete 40 hours of upper division courses (3000-4000 level). It is recommended that students consult with their adviser when making course selections.</b></del>
