	Description and justification of the request	We are reactivating the PCATE program code and identifying courses that are specified for pre-CATE. This change is consistent with the other teacher education programs.	Move HDFS 3453 Parenting Family from a technical requirement to a recommended elective. \\n\\nMove HDFS 2483 Family Financial from a recommended elective to a technical requirement. The new FCSE competencies have been released, and to meet these competencies we must include a financial awareness course as a technical requirement, not just a recommended elective.
