Program Requirements and Description

Requirements

Graduation Requirements for the B.S.I.B. Degree

Each student must have a 2.00 cumulative grade-point average in each of the following areas: all work completed at this university, all courses in the business core, and all designated international business courses/functional concentration/world language courses. In addition, students must earn a grade of "C" or better in each of the pre-business core courses.

Courses that are required in either Walton College or the international business core and also are required in one of the business concentrations cannot be used to satisfy both requirements. For example, students who take FINN

3703 to satisfy the finance concentration requirements cannot also use it to satisfy the international business requirements.

Alice Griffin (agriffin) (04/03/23 10:15 am): Rollback: Please change your response to yes for the question, does this proposal impact courses in another college. As the Russian courses impact ARSC. Thus, this request does not qualify for the shortened approval process and the effective date will need to be changed to fall 2024.
