Description and justification of the request

Description of specific change	Justification for this change
<p>Added Media and Society and PBHL 34403 as a PPBHL requirement. Established 45 hour cutoff for admission eligibility.</p>	<p>To maintain 16 hrs. of prePBHL requirements; Media is an increasingly important issue in public health messaging and health literacy/information.</p> <p>Senior PBHL majors were taking this introductory course at the same time as their senior block courses. This will also provide Pre PBHL students with an introduction to public health which is an important stepping stone into the major.</p> <p>Making students have 45 cr hr before applying to the program will assure students have completed many core classes before entering the program, thus preventing bottlenecks in program.</p>
